Office of the President

Dear Class of 1981,

Congratulations!

It is an honor to be part of your Yearbook. Between these covers you will find a collage of personal portraits and candid images of ourselves at work and play. A noted historian, Arnold Toynbee, once remarked,"history is a mosaic of our shared memories." You are now part of the history of Bloomfield College.

Your degree represents a significant personal achievement. It symbolizes your ability to overcome obstacles, meet challenges and make sacrifices for the future. You have given us your trust; your alma mater has given you a Bachelor's Degree - a passport for lifelong learning. Every year of your journey it will become more clear that the ability to ask tomorrow's questions is more important than having today's "right answers."

You will find that this yearbook is not a crystal ball that forecasts your future. You will have to fashion your future anew each day by using the resources and skills you have developed at Bloomfield College. Remember, too, that Bloomfield College in the future will be different from the college portrayed in this book. Your alma mater will continue to be strong only if it can continue to change. I hope you will become active in your Alumni Federation and support your college not only for how you remember it, but also for what it is becoming.

Memories do have a way of fading. Before too much time passes, let someone who touched your life at Bloomfield College know you care. Give them your words of appreciation today. Again, congratulations and best wishes.

Sincerely yours,

Merle F. Allshouse

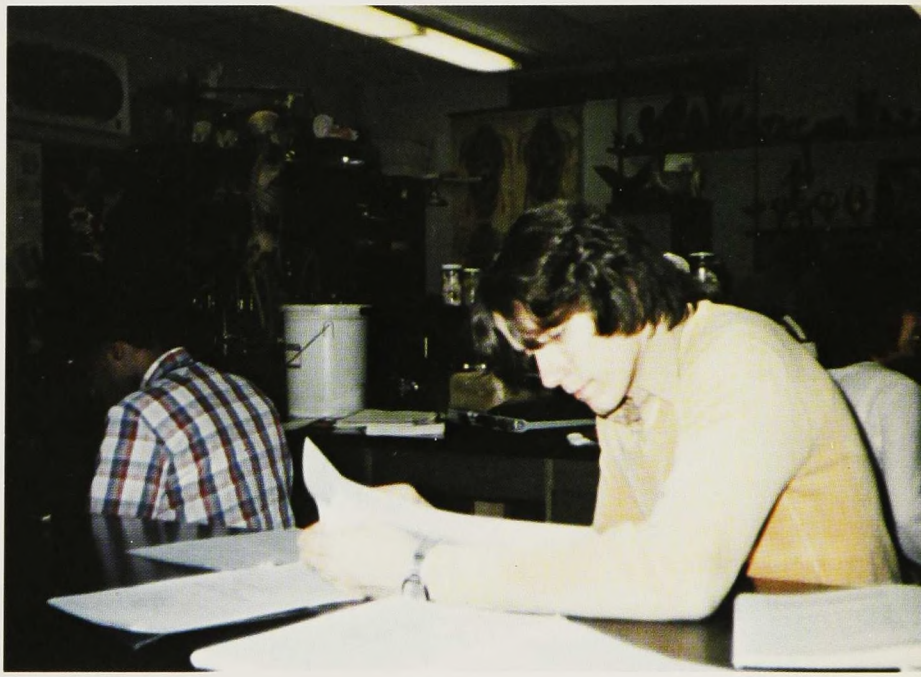
"Hey, how about some financial aid?"



CHANGE

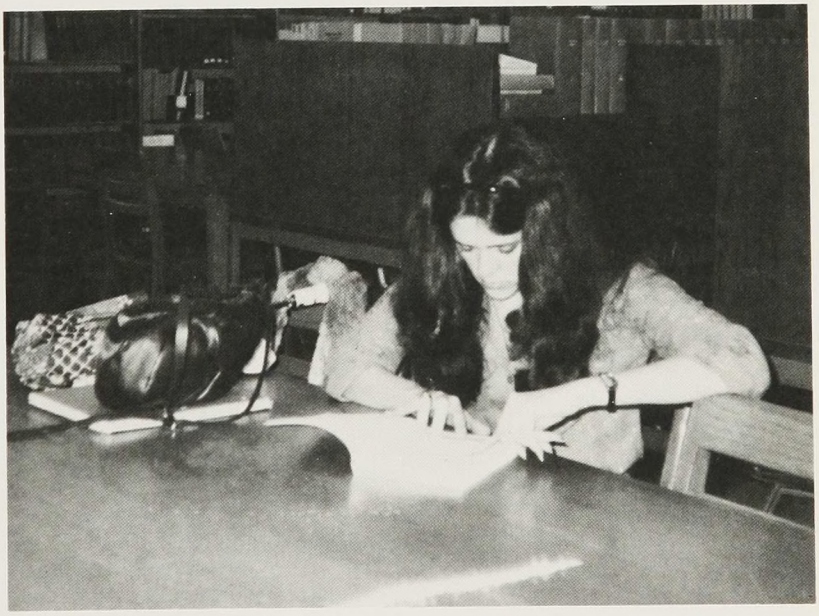
Our four years at Bloomfield College are important ones, for they set the foundation upon which we build the rest of our lives.

Each day we are changing. We meet new people, discuss new ideas, explore new concepts, and expand our reservoir of knowledge.

We learn to adapt to continuous changes, broadening our scope of life's experiences.

The changes we experienced at Bloomfield College served to enrich our lives, enabling us to learn, grow, and become the most that we can be.

—Anita A. Lesko



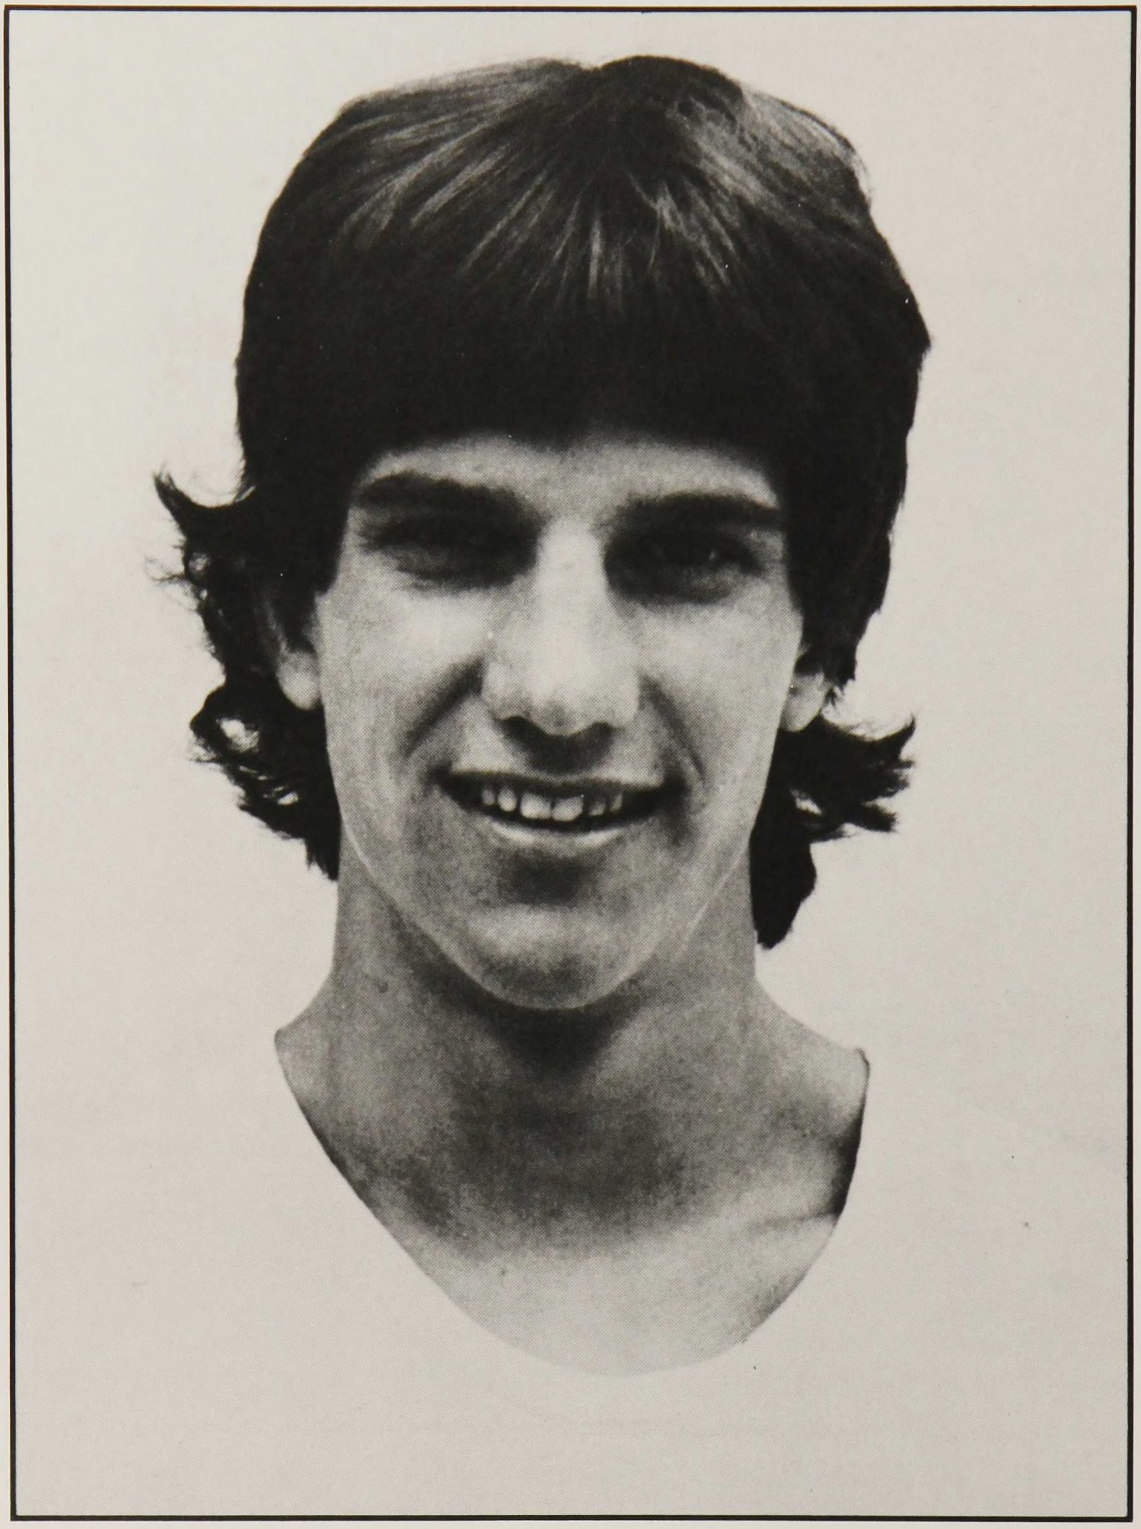
Wow! An electric train.

Picky people pick Peter Pan.

Dr. Cook E. Monster

Coffee, anyone?

ERIC HEIDEN



LAKE PLACID 1980

Olympic Gold Medalist Stays At Bloomfield College

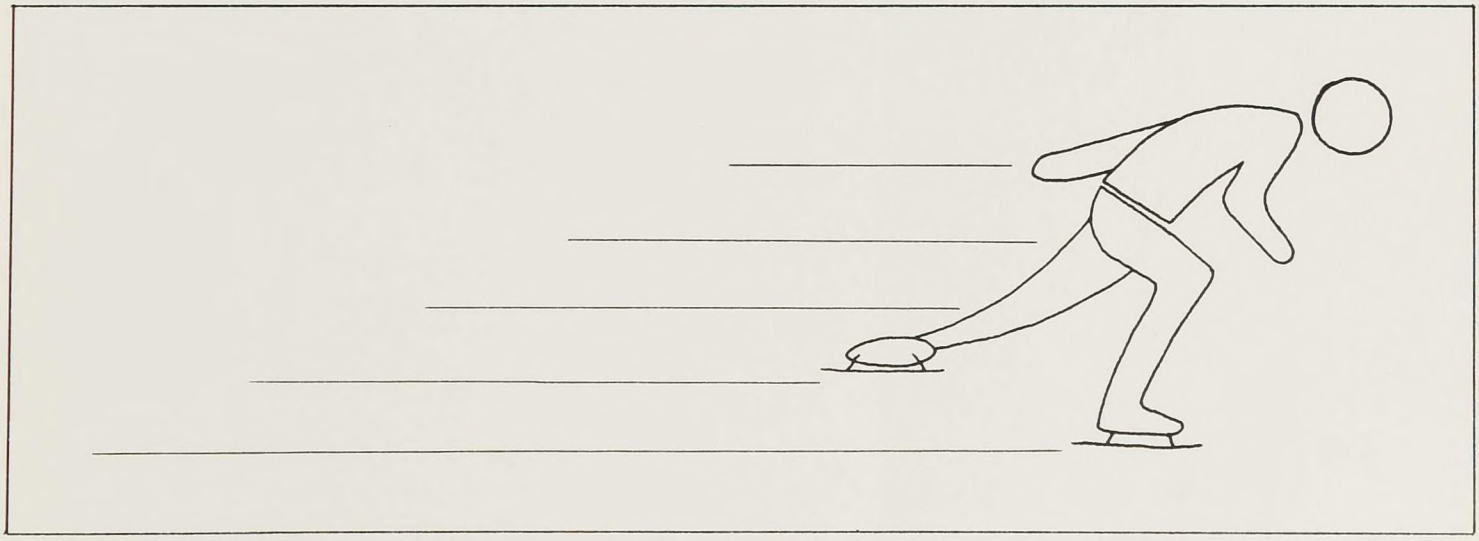
It's not everyday that a person wins 5 gold medals, nor is it everyday that an athlete like Eric comes to Bloomfield College.

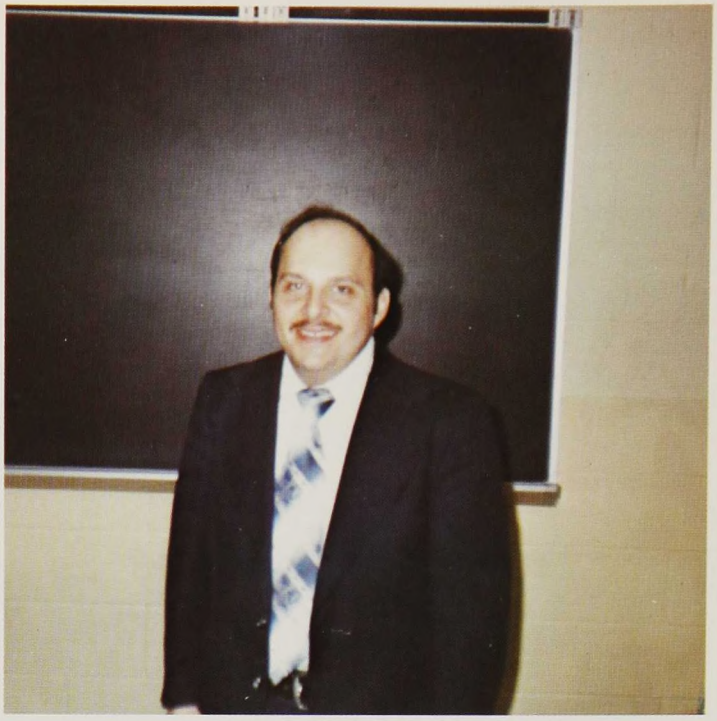
In May 1980, Eric stayed at Bloomfield College while he was promoting the Lowenbrau Grand Prix Cycling Races.

Twenty-one year old Eric is a second semester junior at the University of Wisconsin. In the 1980 Winter Olympics at Lake Placid, Eric won 5 gold medals and set world records in speed skating. Eric also directs his athletic abilities toward cycle racing, where he has quite an impressive record.

Eric's accomplishments, combining talent, discipline, and determination give us all an incentive to work towards our own dreams and goals, realizing we can reach them if we are persistant.

> "Nothing in the world can take the place of persistence. Talent will not; nothing is more common than unsuccessful men with talent. Genius will not; unrewarded genius is almost a proverb. Education will not; the world is full of educated derelicts. Persistence and determination alone are omnipotent. The slogan 'Press On' has solved and always will solve the problems of the human race."
>
> — Calvin Coolidge





Dedication

Dr. Paul M. Russo

Associate Professor of Biology

For Dr. Russo's devotion to the College and students, SAGA 1981 is dedicated in his honor. Besides being involved in all the activities listed below, he is a most extraordinary professor, facilitating a drive in his students to learn and to have a true love of the biological sciences. He has a never-ending willingness to help students in any way possible, and to guide them for their best interest. He brings out abilities we never thought possible, and has taught us to love to learn and to continue learning. He is our teacher and he is also our friend, someone we could turn to for support and guidence.

Dr. Russo's knowledge and friendship has enriched many at Bloomfield College, and his involvements on campus and with student life will always be treasured.

MEMORIAL TRIBUTE

ELIZABETH M. BEGGS

1931-1981

Almost four years ago when this class had its inception, there was another student among us, Elizabeth Beggs. She was married, a mother of three grown children, and had come back to college to fulfill a lifelong dream — that of being a nurse. She was a member of our class for almost 2 ½ years when she had to drop out because of ill health. She returned to school last September to join the Class of 1982, but we felt that even though she would one day be pinned with that class, she was and always would be a part of us. This past March, Betty passed away.

Betty was a very special person — warm, sensitive and supportive of others. She had all the qualities so necessary for a caring nurse to have. Shortly before she died, she talked about how she could use her illness experience to help others when she got out of the hospital. All of us who knew Betty felt that any memorial which was given would have to reflect her desire to help others. Therefore, as a memorial to our friend and classmate, Elizabeth Beggs, the Class of 1981 and the faculty have dedicated nursing reference books to the Bloomfield College Library to be used by countless nursing students in the years to come.

Elizabeth was a Nurses Aid at the Hospital Center of Orange and was an area leader for the Cancer Society, a member of Recovery, and the First Presbyterian Choir of Verona.

Class Officers

Senior Class: (left to right) Athea Rawls; Hildegard Muller; Dorothy Perry.

Student Union Board

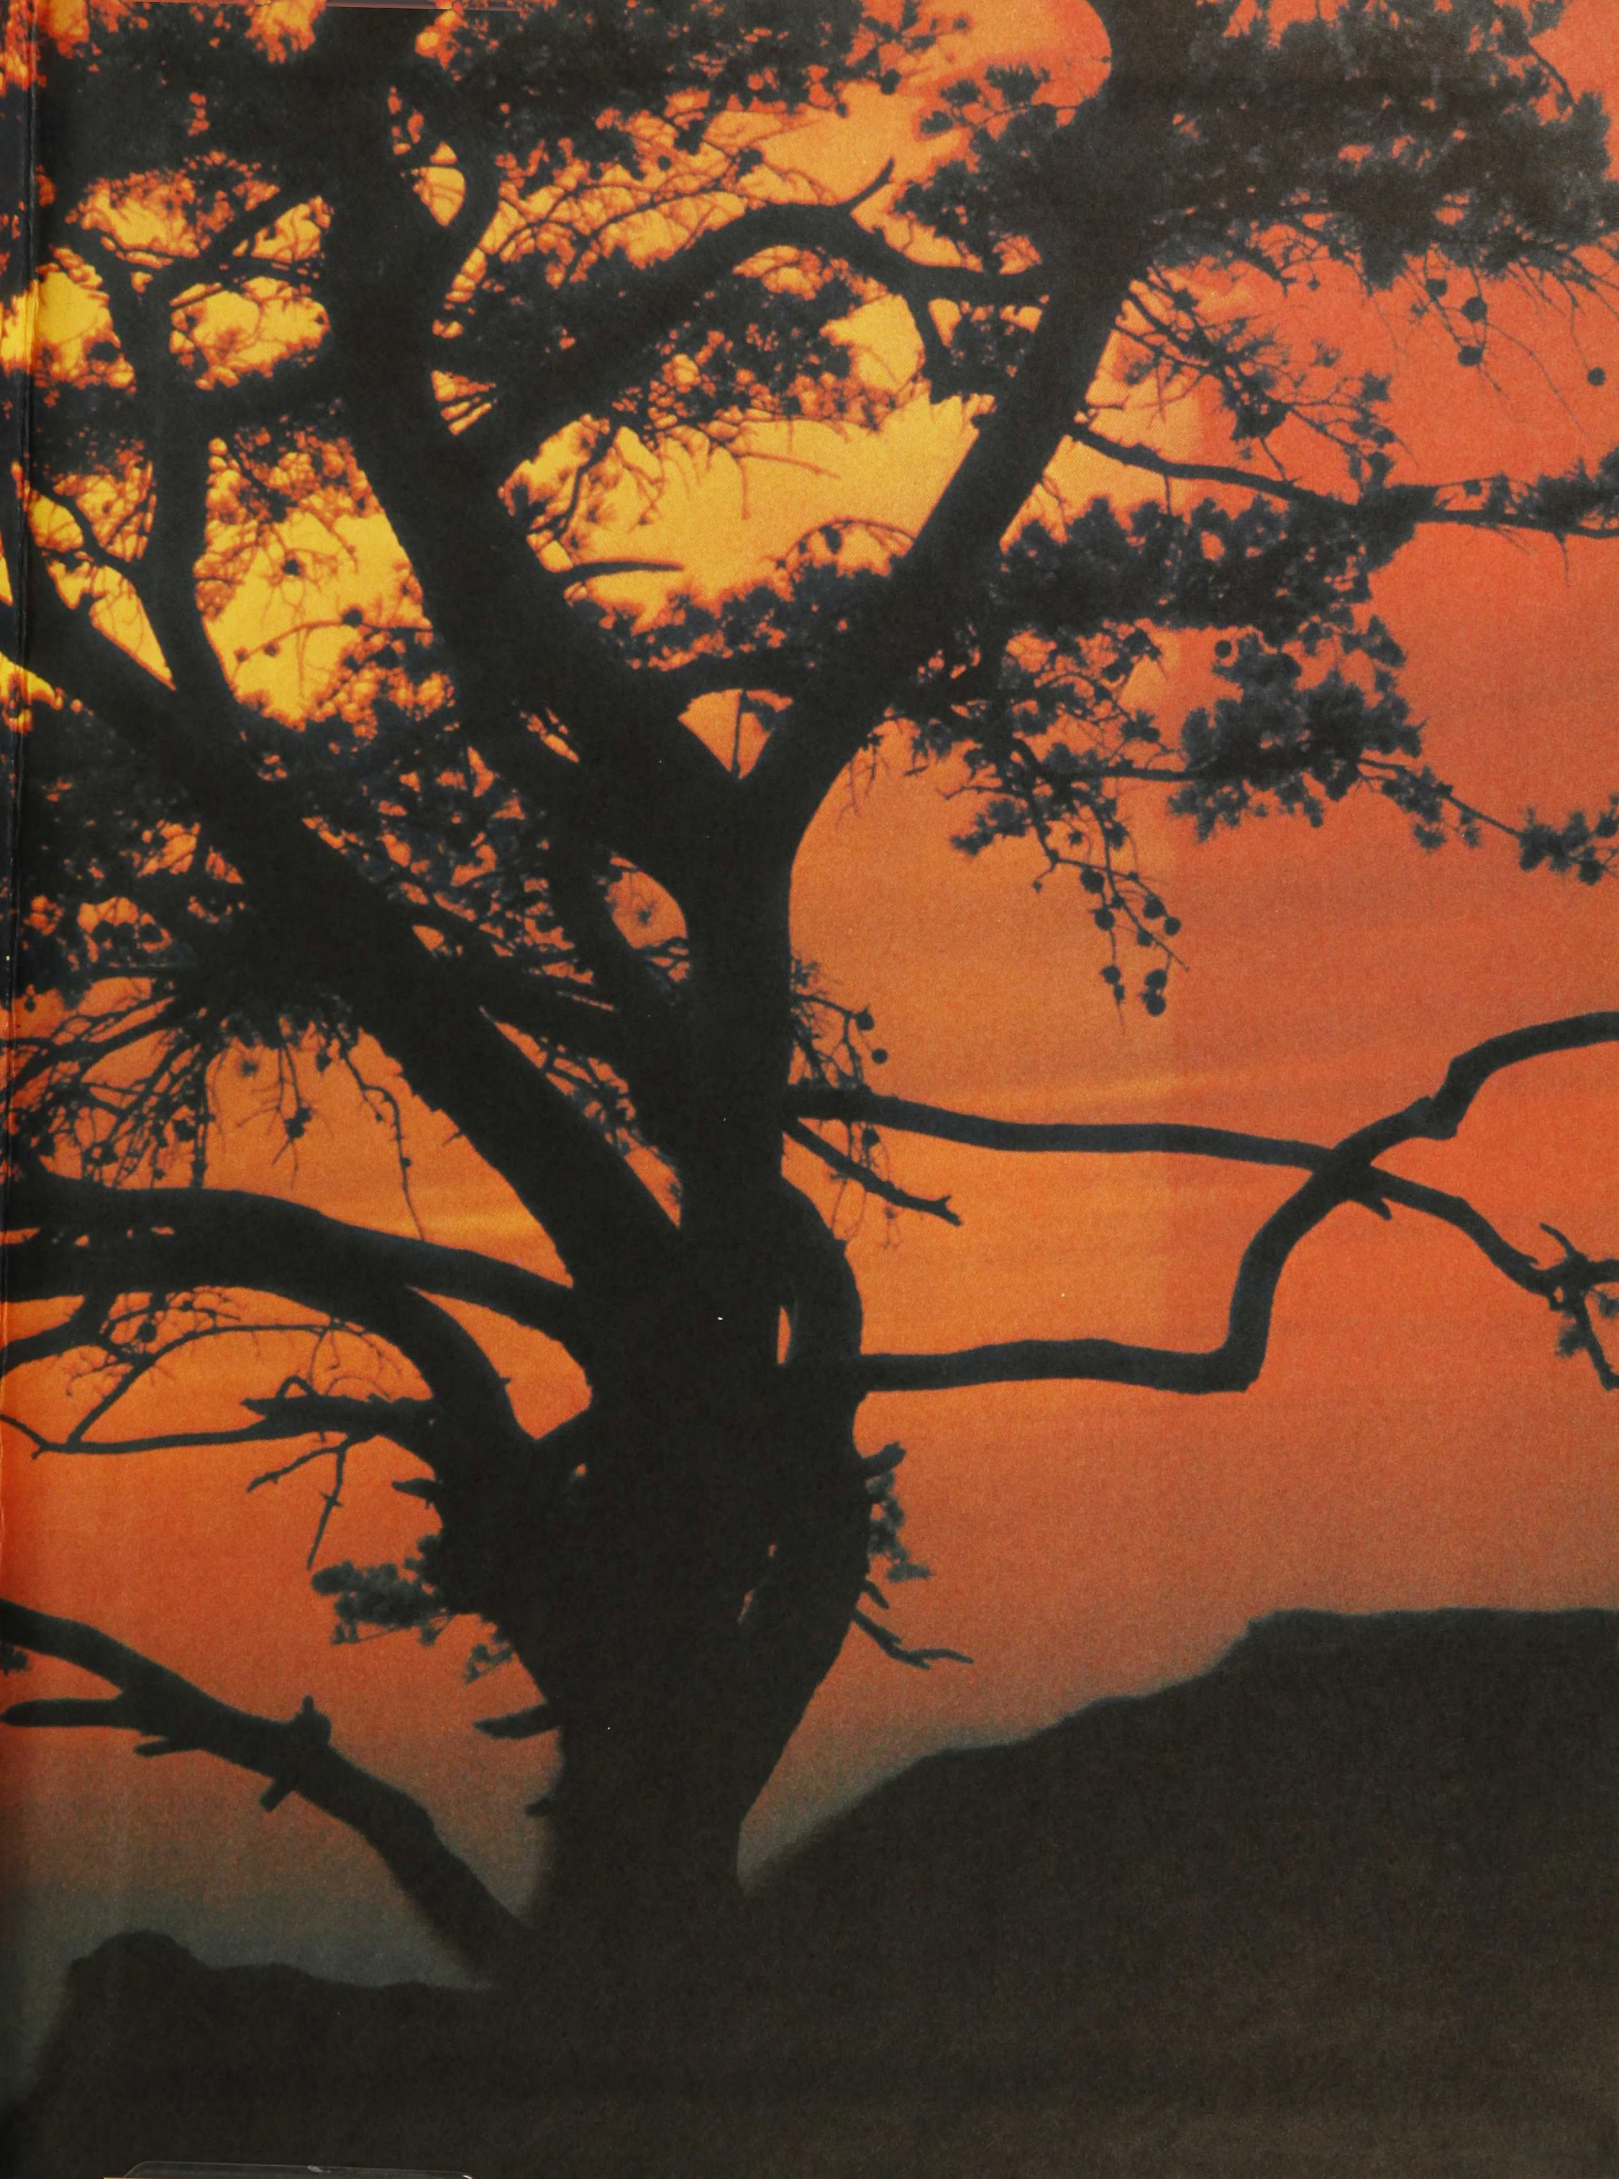
Editor

I find the great thing in this world is not so much where we stand, as in what direction we are moving.

To reach the port of heaven, we must sail sometimes with the wind and sometimes against it — but we must sail, — and not drift, nor lie at achor.

— Oliver Wendell Holmes

"The seats are now empty, but we carry with us the ideas, values, and concepts we learned when they were occupied. The room remains the same . . .

. . . Only we changed."


—Anita A. Lesko
